

# Accredited Public Tripod Beta Practitioner Training

Amsterdam, January 29<sup>th</sup> – February 1<sup>st</sup> 2019

## Tripod Beta: Practitioner training

This Tripod Beta Training teaches participants the Tripod theory and approach, and how to investigate and analyse operational disturbances. In addition, the supporting software facilitates the analysis of, and reporting on operational disturbances by the investigation team. It helps to explicitly identify underlying causes and take corrective action, improving process and safety performance.

## Trainer

Geniozz / Oscar Diederich will be facilitating the training: Oscar is both an accredited and experienced Tripod Beta Trainer and Investigator and brings lots of experience from different industries to the room.

## Training Set-Up

Participants will spend part of the time in groups to work on cases in order to facilitate a mix of theory and practice. Participants are encouraged to bring in their own ideas and 'real life' cases. The key objective is to expand participants' skills to quickly and effectively apply the Tripod Beta methodology and software in practice.

## Training Requirements

- The entire training course will be in English
- There are no specific requirements for training participation
- We require a minimum group of 4, and maximum of 12 participants for an effective training course
- In case less participants register, the course will be rescheduled to a later date.

## Program

- Day 1: Introduction to the Incident Investigation Process
- Day 2 Tripod Beta Methodology – incident analysis
- Day 3: Cases: Tripod Beta Incident Investigation & Analysis
- Day 4: More Cases, Investigation follow-up, Practitioner Examination

## Target audience

The target audience of this training consists of, though is not limited to: incident investigators, (Q) HSE, Project, Site, Plant, Operations, Risk, Maintenance, and Integrity Managers.

## Accreditation

Upon completion of the Tripod Beta Practitioner Training, attendees can opt to go through a formal Tripod Accreditation process as facilitated through the 'Stichting Tripod Foundation' ([www.tripodfoundation.com](http://www.tripodfoundation.com)).

## Software

Participants will be provided with a trial license for the IncidentXP software, which will remain valid for 30 days after activation.

## Price

Participation fee for the 4-day training is € 1.750,- (excl. VAT), which includes:

- All training material,
- Certificate of participation,
- Theory assessment as part of the Tripod Beta Practitioner accreditation,
- Trial software access and
- Lunch & refreshments during training
