

Rethinking Safety – Aviation Industry Seminar

March 3rd 2020 - Sydney, Australia

What is my risk exposure? How do I prioritize my safety resources? How can my SMS be more proactive? Am I “doing safety” but not necessarily controlling my risks?

If you are asking yourself these questions, come and join our one-off Rethinking Safety Seminar for the aviation industry in Sydney.

This event is all about sharing knowledge and best practices, offering you the opportunity to exchange thoughts with peers and experts on the topic of risk management. We hope to meet you on March 3rd!

Event topics

Discuss your successes and challenges with other aviation companies, learn more about risk management & bowties, and gain knowledge by listening to sector experts. Presentations, hands-on exercises and networking opportunities will be alternated to make sure you are fully equipped to apply best practices in your own organization. Don't miss out, secure your seat today!
